Rise above the rest with unparalleled luxury

The importance of owning a home has been reinforced like never before in 2020. And with more time being spent at home by all members of the family, home buyers are looking not only for a home, but also a lifestyle.

Better living begins at Doshi Risington, OMR

Built across 11.5 acres of verdant land, with 83 per cent open space, a large central landscaped garden and a one acre park (OSR), Risington offers exclusive apartments that come as a breath of fresh air in urban living.

The one-of-its-kind apartment complex gives a privileged few a luxurious home in its tall towers with stunning views of a 790 acre reserve forest, which is home to a host of migratory birds.

The landmark project in Karapakkam is located in the heart of OMR, before Sholinganallur on Chennai's IT Corridor. This 20-storied majestic edifice truly changes the face of the city's skyline, and offers residents a lifestyle beyond par.

Located on the main road, a 300 ft. private passage shelters the residents from the hustle and bustle of OMR. Apart from being in the middle of a major IT hub, the project offers

easy access to renowned hospitals, commercial hubs, business centres, educational institutions and entertainment hotspots. The strategic location ensures connectivity with the rest of the city and makes for a smart investment decision as well.
